

## 3' STEP STOOL BUILT FOR THE TRADES

### 1. QUICK SETUP

No hassle, no messing with latches and no pinched fingers. The Sure Step's nylon spreader straps let gravity do the work: just grab one of the top steps and let the stool fall open or closed.

### 2. OVERSIZED FEET

Set up anywhere with confidence. Slip-resistant, oversized feet keep the Sure Step exactly where you put it, whether that's on solid ground or a grated surface.

### 3. FULL-BOX STEPS

The Sure Step features treaded full-box steps that are climbable on either side. Plus, the split top step means you have a wider, more stable standing platform when you're furthest from the ground.

### 4. COMFORTABLE TO STRADDLE\*

The Sure Step supports a straddle position, making it easy to change working directions.
